Governor's Office:

11 New Trusted Testing Partners for Trans-Pacific Travel, Two for Inter-County

On Saturday, the Office of Gov. David Ige announced 13 additional trusted travel and testing partners for the state's pre-travel testing program. COVID-19 test results from these newly identified partners will be accepted beginning tomorrow.

The new partners – eleven for domestic transpacific travel and two for inter-county travel – join 18 and 11 partners respectively, that had been previously approved by the State of Hawai'i for testing, which allows arriving travelers to bypass the mandatory 14-day quarantine with evidence of a negative test from a trusted partner, conducted no more than 72-hours prior to the final leg of departure.

Partners were selected based on their ability to administer the test and expand the testing network, with the goal of making it easier to safely travel to Hawai'i.

In the future, trusted testing and travel partners added to the Safe Travels Hawai'i program will be uploaded to www.hawaiicovid19.com. This website also includes more information on inter-county pre-travel testing and the Safe Travels Hawai'i program. Please see the names of all trusted testing partners on the charts under Helpful Resources, below.
