3 Reasons Why You’ve Been Given Priority to get Vaccinated Against COVID-19

1. You are on the front lines and risk being exposed to people with COVID-19 each day on the job.

2. Protecting you also protects the people you serve and your family—especially those at higher risk for severe illness from COVID-19.

3. You play an essential role in keeping your community healthy and rebuilding Hawaii’s community.

Lead the way!
Encourage your coworkers, family and friends to get vaccinated.
